

The New Golf, Golf Estate & Golf Alltrack

Volkswagen

Ready for the future.

The new Golf and Golf Estate are in the starting blocks: sportier, more dynamic and more striking than ever before. With a range of cutting-edge Infotainment and assist systems, you are equipped to face what both today and tomorrow might bring.

01 The **front** of the new Golf and Golf Estate impress with halogen headlights including LED daytime running lights. Optional LED headlights provide better illumination and a longer service life. The new front bumper and the new radiator grille complement the new Golf's and Golf Estate's appearance. **S**

The New Golf. Fuel consumption in l/100 km: 5.3-3.9 (combined), CO₂ emissions in g/km: 129-102 (combined), efficiency classes: C-A.
The New Golf Estate. Fuel consumption in l/100 km: 5.4-4.0 (combined), CO₂ emissions in g/km: 132-103 (combined), efficiency classes: B-A.
The New Golf Alltrack. Fuel consumption in l/100 km: 6.7-5.1 (combined), CO₂ emissions in g/km: 157-133 (combined), efficiency classes: C-B.

Standard/Trendline **S** Standard in the Comfortline **C** Standard in the Highline **H** Optional extra **SO**
The illustrations of the new Golf and Golf Estate in this catalogue show the R-Line "Exterior" package, which is available at additional cost.

01

Exterior

It can be wonderful to leave things in the past. With its bold silhouette, the new Golf is driving towards the future with confidence.

Its characteristic C-pillars, large wheelbase and short overhands make sure it remains a Golf through and through – even as an Estate.

01 The rear in the new Golf and Golf Estate appears more dynamic than ever before. This is all thanks to elements like the updated bumpers at the back and the new diffuser with various chrome accents depending on the equipment version. Furthermore, neither models have visible tailpipes any more. And the highlight when driving both day and night: the new optional LED tail light clusters with dynamic turn signals¹⁾. The new Golf and Golf Estate are more modern than ever before, especially thanks to a large selection of new alloy wheels and paint finishes – shown here with optional Turmeric Yellow paint and the optional “Jurva” alloy wheels. **S**

02 Invisible eye: the front sensor for various optional assist systems is positioned elegantly behind the Volkswagen badge. **S**

¹⁾ Not available for the new Golf Estate.

The New Golf. Fuel consumption in l/100 km: 5.3–3.9 (combined), CO₂ emissions in g/km: 129–102 (combined), efficiency classes: C–A.
 The New Golf Estate. Fuel consumption in l/100 km: 5.4–4.0 (combined), CO₂ emissions in g/km: 132–103 (combined), efficiency classes: B–A.
 The New Golf Alltrack. Fuel consumption in l/100 km: 6.7–5.1 (combined), CO₂ emissions in g/km: 157–133 (combined), efficiency classes: C–B.

R-Line

Even more confident, even bolder, even more dynamic: with the R-Line “Exterior” package by Volkswagen R, you can express your passion for sport with added enthusiasm. And because your passion comes from the inside, the R-Line package for the interior adds the ideal finishing touch to your look.

01-02 With the R-Line “Exterior” package your new Golf or Golf Estate looks a lot more athletic thanks to the R-Line front bumper, the sporty diffuser, the black gloss air vents and thick sill extensions. The rear spoiler increases the downforce on the rear axle. **SO**

These equipment packages are offered by Volkswagen R GmbH. Please refer to www.volkswagen.com for additional information.

The New Golf. Fuel consumption in l/100 km: 5.3-3.9 (combined), CO₂ emissions in g/km: 129-102 (combined), efficiency classes: C-A.
The New Golf Estate. Fuel consumption in l/100 km: 5.4-4.0 (combined), CO₂ emissions in g/km: 132-103 (combined), efficiency classes: B-A.
The New Golf Alltrack. Fuel consumption in l/100 km: 6.7-5.1 (combined), CO₂ emissions in g/km: 157-133 (combined), efficiency classes: C-B.

Standard/Trendline **S** Standard in the Comfortline **C** Standard in the Highline **H** Optional extra **SO**

02

03

03 With the **R-Line package** you can add a sporty touch to the interior, too. In addition to the R-Line "Exterior" package, it comes with illuminated "Dark Diamond Flag" decorative trims and the leather trim multifunction sports steering wheel with an "R-Line" logo and stitching. Further details, such as the black headlining, floor mats with stitched elements and the brushed stainless steel pedal caps, highlight the dynamic interior. **SO**

04

04 You will also receive the **R-Line sports seats with "Carbon Flag" upholstery as standard.** The seat bolsters in Flint Grey "San Remo" microfiber and Crystal Grey stitching complement the seats' overall appearance. The "R-Line" logo is incorporated into the backrests in the front. **S**

05

05 The optional **R-Line sports seats in "Vienna" leather** with embroidered "R-Line" logos in the backrests of the front seats ensure optimum support and add an extra position of coolness to the interior. **SO**

The New Golf. Fuel consumption in l/100 km: 5.3-3.9 (combined), CO₂ emissions in g/km: 129-102 (combined), efficiency classes: C-A.
 The New Golf Estate. Fuel consumption in l/100 km: 5.4-4.0 (combined), CO₂ emissions in g/km: 132-103 (combined), efficiency classes: B-A.
 The New Golf Alltrack. Fuel consumption in l/100 km: 6.7-5.1 (combined), CO₂ emissions in g/km: 157-133 (combined), efficiency classes: C-B.

Interior

01 The **Highline equipment package** is just one example of the new Golf's and Golf Estate's pioneering ways. Like the new intelligent cockpit, which is your gateway to the digital world. One important feature is the extra-large display for the "Discover Pro" radio navigation system with a 23.4 cm (9.2 inch) diagonal screen measurement. It shows you all the relevant information and lots more in a clear overview. It is also easy to use. New door trims, new decorative inserts and a large selection of seat upholsteries make sure you create the right ambience. **H**

02 Whether you want to check the rev counter, speedometer, mileage recorder or your route: thanks to the optional high-resolution **Active Info Display** which measures 31.2 cm (12.3 inch) across the diagonal, you can display a range of handy information in whatever arrangement you'd like, putting the focus on your favourite functions. For example, selecting navigation mode will move the speedometer and rev counter to the edge of the screen, making more space for the map display. You can also transfer data such as telephone contacts or CD covers from the Infotainment system in the centre console to the Active Info Display. **SO**

03 Even winter can be fun: the optional **heated steering wheel** makes sure your hands warm up straight away, even after a long wintry walk. **SO**

The New Golf. Fuel consumption in l/100 km: 5.3-3.9 (combined), CO₂ emissions in g/km: 129-102 (combined), efficiency classes: C-A.
 The New Golf Estate. Fuel consumption in l/100 km: 5.4-4.0 (combined), CO₂ emissions in g/km: 132-103 (combined), efficiency classes: B-A.
 The New Golf Alltrack. Fuel consumption in l/100 km: 6.7-5.1 (combined), CO₂ emissions in g/km: 157-133 (combined), efficiency classes: C-B.

01

Infotainment

The Infotainment systems in the new Golf and Golf Estate meet the highest of standards – including a standard touchscreen, mobile phone interface and optional gesture control.

01 The optional **Comfort and Business mobile phone interfaces** also enable you to connect a mobile phone to the system. If the mobile phone is connected to the hands-free system via a **Bluetooth® Hands-Free Profile (HFP)** you can make phone calls without needing any cables. The Comfort mobile phone interface uses the vehicle's external aerial for phone calls, reducing the level of radiation in the vehicle. An additional aerial antenna also improves the signal quality. At the same time, devices that are compatible with the Qi standard can be charged without needing any cables. The Business version comes with a built-in telephone module inside the vehicle and can also be equipped with a separate SIM card. Furthermore, an integrated WiFi Hotspot function can be used to establish an Internet connection. **SO**

02|03 With the innovative **gesture control function** you have an even easier and more convenient way to control the "Discover Pro" navigation system. You can use a simple gesture to activate a range of menu options. For instance, swiping your hand will enable you to switch between radio stations. **SO**

The New Golf. Fuel consumption in l/100 km: 5.3–3.9 (combined), CO₂ emissions in g/km: 129–102 (combined), efficiency classes: C–A.
The New Golf Estate. Fuel consumption in l/100 km: 5.4–4.0 (combined), CO₂ emissions in g/km: 132–103 (combined), efficiency classes: B–A.
The New Golf Alltrack. Fuel consumption in l/100 km: 6.7–5.1 (combined), CO₂ emissions in g/km: 157–133 (combined), efficiency classes: C–B.

 The New Golf Estate. Fuel consumption in l/100 km: 5.4–4.0 (combined), CO₂ emissions in g/km: 132–103 (combined), efficiency classes: B–A.
 The New Golf Alltrack. Fuel consumption in l/100 km: 6.7–5.1 (combined), CO₂ emissions in g/km: 157–133 (combined), efficiency classes: C–B.

Standard/Trendline **S** Standard in the Comfortline **C** Standard in the Highline **H** Optional extra **SO**

04 The “Discover Pro” navigation system with the standard Car-Net App-Connect function comes with a 23.4 cm (9.2 inch) glass-covered TFT touchscreen with colour display, proximity sensor and innovative gesture control for intuitive control. You can use a simple gesture to activate a range of menu options. The system also has a 32 GB built-in storage device with installed map material for Europe, eight loudspeakers, FM radio reception and a DVD drive that can play music in MP3, AAC and WMA format. Two SD card slots, an AUX-IN socket and a USB socket plus Bluetooth-based mobile phone interface round off the infotainment experience.

SO

05 The “Discover Media” navigation function for the “Composition Media” radio system features a 20.3 cm (8 inch) glass-covered TFT colour display, pre-installed map data for Europe, a touchscreen with proximity sensors and an MP3, AAC and WMA-enabled CD player and eight loudspeakers. Furthermore, the system also features two SD card slots, an AUX-IN jack, a USB port and a Bluetooth connection for mobile telephones. Other information, such as the outside temperature, can also be shown on the display.

SO

06 The “Composition Media” radio system includes a 20.3 cm (8 inch) TFT colour display, a touchscreen with proximity sensor and an MP3 and WMA-compatible CD player. Eight loudspeakers with 4 x 20 watts power output transform the system into a multimedia experience. Furthermore, it also features an SD card slot, an AUX-IN jack, a USB port and a Bluetooth connection for mobile telephones.

SO

07 The “Composition Colour” radio system features a 16.5 cm (6.5 inch) TFT touchscreen colour display, 4 x 20 watts output and eight loudspeakers. It also includes an SD card slot.

S

08 The finest nuances, deep bass, crystal clear tones: experience the “DYNAUDIO Excite” sound system by the Danish hi-fi specialist Dynaudio. Eight loudspeakers specially designed for the interior of your car, a subwoofer and a digital 10-channel amplifier with 400 watts output play the ideal soundtrack to every journey. Digital Signal Processing (DSP) adjusts the sound emissions from every speaker according to its position in the car so that wherever you are sitting, you hear the sound as if you were in the ideal listening position.

SO

(Not shown) Discover Care: your quickest path to new map material. To keep your “Discover Media” navigation function or “Discover Pro” navigation system data up to date at all times, simply visit www.navigation.com, enter the model, model year and navigation system and load the latest map data onto the SD card provided. This service is free of charge and continues to be available to you for a further five years following the end of production of the device.

08

Connectivity

Car-Net: at Volkswagen, that's what we call having the Internet in your car. It also includes convenient services, practical functions and helpful apps that make your day-to-day life easier and more exciting.

01 With Car-Net "Guide & Inform"¹⁾ you can find interesting sights in your area, the nearest car parks and the closest petrol station. In addition, you can also access up-to-the-minute traffic information with optional routes for avoiding jams, as well as the latest news from the Internet. **SO**

02 Car-Net App-Connect²⁾ – there are three innovative forms of technology for transferring the content on your smartphone to the touchscreen of your Infotainment system: MirrorLink™, Apple CarPlay™ and Android Auto™ by Google. As a result, you can use the most important functions on your smartphone, such as calls, messages and music, while you are driving: all easy, safe and convenient thanks to the display in the centre console. App-Connect comes as standard in the "Discover Pro" navigation system. **SO**

(Not shown) The **USB port** enables external audio sources to be connected to the radio or navigation system. This lets you play music from your smartphone or an MP3 player, for example. **SO**

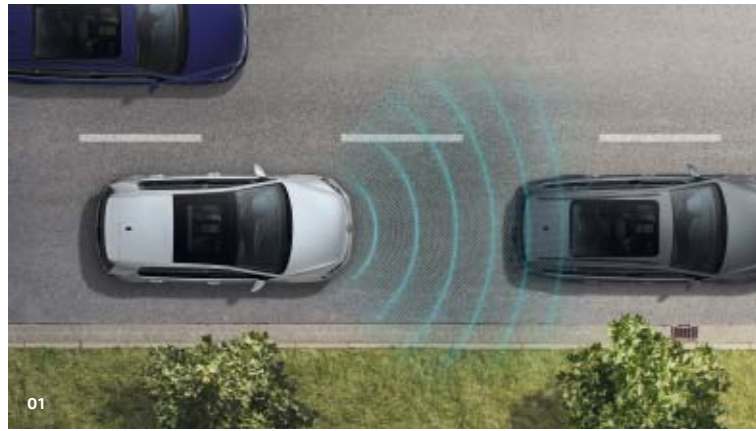

1) Use of the mobile online services from Car-Net "Guide & Inform" is only possible with the optional extras "Discover Media" and "Discover Pro". You will also require a mobile device (e.g. smartphone) that is capable of acting as a mobile wireless hotspot. Alternatively, you can also use the optional "Premium" mobile phone function, a mobile phone with Remote SIM Access Profile (rSAP) or a SIM card with call and data options. Car-Net "Guide & Inform" services are only available in conjunction with an existing mobile phone contract between you and your mobile phone company or with a contract concluded separately for this purpose, and only where coverage is available. Depending on your mobile phone tariff, receiving data from the Internet may incur additional charges, particularly if you are using the phone abroad (e.g. roaming charges). Due to the amount of data needed when using Car-Net Guide & Inform services, we strongly recommend signing up to a data flat rate with your mobile phone provider. Use of Car-Net Guide & Inform is governed in a separate agreement concluded with Volkswagen AG. After receiving possession of the vehicle, the customer has 90 days to register at www.volkswagen.com/car-net. Availability of Car-Net "Guide and Inform" may vary depending on the country in question. The services are available during the agreed contractual period and may be subject to amendments. For more information on Car-Net Guide & Inform, visit www.volkswagen.com/Car-Net or contact your Volkswagen Dealer; for information on your mobile rates, contact your mobile phone company.

2) Only available in conjunction with the "Composition Media" radio system or the "Discover Media" navigation function and "Discover Pro" navigation system. "Car-Net App Connect" is compatible with MirrorLink™, Apple CarPlay™ and Android Auto™. The availability of this technology may vary according to country. "Car-Net App Connect" is already supported by numerous mobile phones and Volkswagen is currently working closely with smartphone manufacturers to make sure that a wider range of telephones can support Car-Net App-Connect technologies. You can find up-to-date information regarding the compatibility of current and new mobile telephones at www.volkswagen.de/mobitelefon.

The New Golf. Fuel consumption in l/100 km: 5.3–3.9 (combined), CO₂ emissions in g/km: 129–102 (combined), efficiency classes: C–A. The New Golf Estate. Fuel consumption in l/100 km: 5.4–4.0 (combined), CO₂ emissions in g/km: 132–103 (combined), efficiency classes: B–A. The New Golf Alltrack. Fuel consumption in l/100 km: 6.7–5.1 (combined), CO₂ emissions in g/km: 157–133 (combined), efficiency classes: C–B.

Assistance systems

Intelligent driver assistance systems provide added comfort and can help you to tackle or even avoid critical situations.

01 Added comfort, even in a traffic jam. The **Traffic Jam Assist** enables semi-automatic driving in traffic jams, helping to avoid typical accidents during heavy traffic.¹⁾ The system keeps the vehicle in lane and automatically operates the accelerator and brake in conjunction with DSG dual clutch gearbox. The Traffic Jam Assist system is only available as part of the Driver Assist "Plus" package. **SO**

1) Within the system's limits. 2) Up to 210 km/h.

The New Golf. Fuel consumption in l/100 km: 5.3-3.9 (combined), CO₂ emissions in g/km: 129-102 (combined), efficiency classes: C-A.
The New Golf Estate. Fuel consumption in l/100 km: 5.4-4.0 (combined), CO₂ emissions in g/km: 132-103 (combined), efficiency classes: B-A.
The New Golf Alltrack. Fuel consumption in l/100 km: 6.7-5.1 (combined), CO₂ emissions in g/km: 157-133 (combined), efficiency classes: C-B.

02 This system can save your life in the event of a medical emergency: the semi-automatic vehicle control "**Emergency Assist**" detects when the driver is not fit to drive.¹⁾ If the system notices that the driver has stopped steering or operating the brake and accelerator, it can keep the vehicle in lane and brake it until it comes to a stop. The "Emergency Assist" system is only available as part of the Driver Assist "Plus" package. **SO**

03 The **automatic ACC adaptive cruise control** adapts the vehicle's speed to that of the vehicle driving ahead up to the maximum speed selected²⁾ and maintains the distance set by the driver.¹⁾ It is also included in the driver assistance package. When combined with the DSG dual clutch gearbox, this package includes functions such as the Emergency Assist system and Traffic Jam Assist. **SO**

04 Looks after you – and everybody else: in the event of an imminent collision, the "**Front Assist**" **area monitoring system with City Emergency Braking and Pedestrian Monitoring** can assist in reducing the severity of the collision or, ideally, in avoiding the collision completely. It detects pedestrians and other obstacles on the road and warns the driver in good time.¹⁾ If the driver fails to respond, the vehicle applies the emergency brake. **LC**

05 Pulls trailers or caravans of up to 1,800 kilograms with ease. The "**Trailer Assist**"¹⁾ function helps you to manoeuvre the vehicle. All you need to do is pick the direction you wish to travel in and the system does the rest, reversing you to your destination without stress. You only need to press the accelerator, brake and keep your eyes open. **SO**

A thirst for adventure as standard.

For when day-to-day life isn't quite so everyday: with added clearance and a heavy-duty running gear, roof railing and larger luggage compartment, the new Golf Alltrack is ready for anything. The 4MOTION all wheel drive also offers traction on almost any terrain.

01 The interior in the new Golf Alltrack impresses with its design and high-quality range of materials. The decorative trims on the dash panel and centre console in "Polar Night Black", along with the exclusive "IMD New Brushed Dark Metal" decorative finish on the doors and above the glove compartment exude an air of luxury. The premium "Summits" seat upholstery or the optional design in ArtVelours impresses from top to toe. The front centre armrest comes with a storage compartment for your mobile phone, keys and other bits and bobs, as well as two air vents that provide a supply of fresh air to passengers in the rear. Underneath the front seats you will find a practical drawer for small to medium-sized objects. The front passenger seat's backrest folds down completely to offer added storage and load-through options. Alternatively, the folded down front passenger seat's backrest can be used as a table. **A**

02 Infotainment with a personal profile: thanks to the optional "Discover Pro" radio navigation system with driving profile selection you can access important information while you're driving and use a range of connections for external audio sources. Furthermore, the "Discover Pro" enables you to save your personal settings under the driving profile selection so that you can adapt the new Golf Alltrack's tuning to your preferences and the terrain in question. **SO**

The New Golf. Fuel consumption in l/100 km: 5.3-3.9 (combined), CO₂ emissions in g/km: 129-102 (combined), efficiency classes: C-A.
The New Golf Estate. Fuel consumption in l/100 km: 5.4-4.0 (combined), CO₂ emissions in g/km: 132-103 (combined), efficiency classes: B-A.
The New Golf Alltrack. Fuel consumption in l/100 km: 6.7-5.1 (combined), CO₂ emissions in g/km: 157-133 (combined), efficiency classes: C-B.

Engines

You can choose from five petrol and five diesel engines.

Furthermore, the TGI model comes with a natural gas drive.

All the options are powerful, economic and efficient.

01|02 The **natural gas drive** reduces consumption and has a positive effect on emissions. The natural gas tanks are hidden underneath the floor to save space, so that they do not restrict the vehicle's flexibility or its storage space. And if the natural gas tank is empty, the additional petrol tank will easily take you to one of the 900 natural gas fuelling stations across Germany. **SO**

1) The figures listed have been determined in accordance with the legal measuring methods stipulated. These figures do not refer to a particular vehicle and do not constitute part of the offer but are purely for comparison purposes between the various types of vehicle. The fuel consumption and the CO₂ emissions of a vehicle not only depend on the efficient use of the fuel by the vehicle but are also influenced by driving behaviour and other non-technical factors (e. g. environmental conditions). Additional equipment and accessories (add-on parts, tyres etc.) may change relevant vehicle parameters such as weight, rolling resistance and aerodynamics, thus affecting consumption and driving performance values beyond the effects of weather and traffic conditions. The information regarding fuel consumption and CO₂ emissions depends on the selected tyre format and optional extras when ranges are specified. Note in accordance with the current version of Directive 1999/94/EC.

2) Efficiency classes rate vehicles on the basis of CO₂ emissions, taking into account the vehicle's unladen weight. Vehicles corresponding with the average are given a D rating. A+, A, B or C ratings are given to vehicles which are better than the present-day average and E, F or G to those below that average.

3) Figures in square brackets refer to the new Golf Estate.

4) Only available for the new Golf Alltrack.

5) H gas or L gas quality.

The specific optional extras of each vehicle result in an individual vehicle weight and consequently differing figures for consumption and CO₂ emissions and efficiency classes.

The details given on performance and consumption apply to the use of sulphur-free 95 RON premium fuel, in accordance with DIN EN 228. The fuel grade 95 RON unleaded containing a maximum of 10% ethanol (E10) is permitted for use in principle. Detailed information on the compatibility of E10 fuels can be obtained from www.volkswagen.com or at www.dat.de/e10liste/e10vertraeglichkeit.

Seat upholstery & paint finishes

Diversity is king here at Volkswagen. This is reflected in the extensive selection of paint finishes and seat upholsteries.

Turn a Volkswagen into your Volkswagen.
